Principal's Message

Dear Parents, Students, Staff and Friends of St Joseph's College,

Welcome to Week 2 of the term, with much action happening in our first week and more again this week. I trust families were able to do some good things together during the shared days off as well as participate in the Easter Liturgies that celebrate the alive presence of our 'God With Us'.

ANZAC Day Celebrations took two forms at the College, firstly on ANZAC Day itself, some 145 students, teachers (with their families) and a number of College families took part in the annual Coolangatta March, finishing at the War Memorial located at the Jack Evans Boat Harbour. A highlight was the opportunity for Stephanie Mai, a Year 12 student to address the people gathered together, which she did brilliantly! Many people commented on the way in which our students were respectful in their attitude and demeanour. My thanks to the many parents who made the effort to drop off their sons and daughters on this last weekend of the school holidays.

The second way in which we celebrated was with an ANZAC Service during assembly time on Thursday. We invited Mr Sam Jordan and Mr Craig Fenton and Mrs Bronwyn Fenton to be with us and share some of their stories. Being the 10th anniversary of the deployment of Australian troops in to the East Timor region, it was a fitting theme for our focus, and we listened intently to Mr Craig Fenton, as he recounted his moving experiences in the region. I was struck by his description of the people as friendly, behaving as if they had no care in the world, also a proud people and yet desperately poor. He recalled a time when on garbage duty, and the local people eating rice crawling with maggots that was part of the food rubbish being dumped by the army. A slide show depicting typical scenes at the time completed the ceremony. My sincere thanks to Miss Helen Gooley who organised both these events for us, creating experiences that would touch our hearts and allow us to honour and thank our Diggers.

Youth Mass followed the evening after, and I was struck by the number of people who attended both. I am fortunate to be surrounded by such a faithful community! The next Youth Mass in on the 31 May, please consider coming along to a great faith celebration!

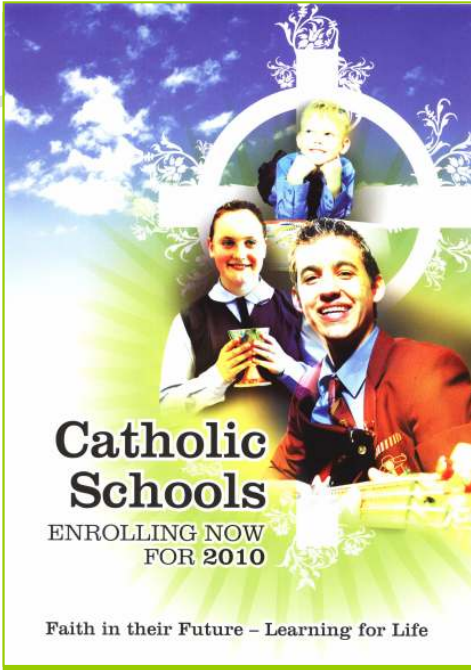

Family Faith Gatherings: Make a party of a few families to attend this great time together. Coming up on Saturday 23 May continuing into Sunday 24 May, it is an occasion for families to share some stories, be educated in their faith journey and have pleasant conversation. A parallel children's program takes care of our younger people, ensuring they are looked after and have a faith journey experience at their level. Everyone who has gone in previous years has commented on the great time they have experienced! Fr Chris Gleeson will deliver an earthy perspective on the theme of 'Seeking and Finding God in all Things'.

Information is available from the Parish Office, or you can contact Mr Tom Howard (Parent Liaison) on (02) 6642.2073, mobile (0418) 864.174, or thoward@lism.catholic.edu.au.

The **Staff Professional Learning** that took place on Tuesday of last week asked the question how might we learn better together, how might we respond to the Literacy and Numeracy challenges being given to schools, followed by some time for staff to consider stress mechanisms and ways to deal with that, offers of financial wisdom, nutritional advice and the chance for a massage. Watch for a renewed, energetic, smarter and less stressed staff that work with our students!

Blessings for the week.

As this coming Sunday, 10 May is Mother's Day, we have a special prayer to celebrate our mums.

Mr Scott McDermott
RE Coordinator-Ministry

READING OF THE WEEK

On the weekend we will celebrate Mother's Day. We will remember the work mothers do and the life and wisdom they share with their families. Let us pray for our mothers and for the generations of mothers before them.

If you love Jerusalem, celebrate and shout! If you were in sorrow because of the city, you can now be glad. She will nurse and comfort you, just like your own mother, until you are satisfied. You will enjoy her wonderful glory. The Lord has promised:

"I will flood Jerusalem with the wealth of nations and make the city prosper. Zion will nurse you at her breast, carry you in her arms, and hold you in her lap. I will comfort you there like a mother comforting her child."

You care for us, O God, as a mother cares for her children. Protect and bless all mothers of the world. We ask this through Christ our Lord. Amen.

A reminder for all Year 7 and 9 students and their parents:

The NAPLAN tests for this year will be held over three days during the morning session on each of the following days:

- **Tuesday 12 May:** Language Conventions and Writing.
- **Wednesday 13 May:** Reading.
- **Thursday 14 May:** Numeracy Calculator and Non-Calculator.
- **Friday 15 May:** 'Catch up' day.

Students will require a school-approved calculator for the Thursday Numeracy Test and a book to read when they complete the test.

The students have completed a practice test at the end of last term in preparation for the upcoming test.

If you have any questions regarding NAPLAN please contact me at the College or go to the website: <http://www.naplan.edu.au/parents/parents.html>.

Artist of the Week

Over the holidays many students have been finishing off paintings that they have been working on during the term. The quality of work that has been produced by these students is of an exceptional level and all students are to be commended.

Artist of the Week: Alexandra Condon, Year 11 Visual Arts

During the past term, Year 11 students have been looking at various still-lives. They have been doing in-depth studies on various artists working in this area. Each student then had to create a still-life of their own using objects from other class members. The still-life could be created in any way the students chose to do so. Alexandra has created an outstanding painting that shows highly commendable technical skills and drawing skills. Congratulations on a fantastic job and keep the good work coming.

Jenna-Lee Mepstead, Visual Arts Teacher

The following is provided for the information of the St Joseph's College community:

Swine Flu: *A new influenza virus that spreads between people has recently been identified. This influenza is called swine influenza, because it is derived from an influenza virus that normally infects pigs. The situation is rapidly evolving. No cases of swine flu have been identified in Australia as at 29 April 2009.*

What is swine influenza (swine flu)?

Swine influenza (swine flu) is a respiratory disease of pigs caused by type A influenza. Swine flu viruses do not normally infect humans, however, human infections with swine flu have occurred in the past, and cases of human-to-human spread of a swine flu virus have been recently confirmed.

What is the current situation?

Human cases of a new form of influenza virus have been identified in the United States, Mexico, Canada and a number of other countries (a list of affected countries can be found at the WHO website - see links below).

The World Health Organization has declared the swine influenza situation to be a public health event of international significance.

No cases of swine influenza have been confirmed in New South Wales or Australia.

NSW Health is working closely with other State and Commonwealth Government agencies to investigate and respond to this situation.

Who is at risk?

If you are returning from recent travel (in the last 7 days) in the United States, Canada, Mexico or other affected countries (see website for latest list) you may be at risk.

What are the symptoms?

The symptoms of swine influenza are similar to seasonal influenza (fever, cough, tiredness, muscle aches, sore throat, chills, shortness of breath, runny nose, headache). Some cases of swine influenza have also complained of vomiting and diarrhoea. Symptoms of influenza generally appear between two to four days after exposure.

Controlling Spread of Infection

If you develop influenza like symptoms whilst in, or within 7 days of returning from, an affected country please attend your nearest hospital emergency department and tell them that you have recently returned from overseas and may have flu.

Further public health advice can be obtained from your local Public Health Unit (see below for contact details).

If you are sick with an influenza-like illness, you should stay at home and limit contact to other people to avoid infecting them. You need to take appropriate precautions: cover mouth when coughing or sneezing and wash hands regularly, including after contact with soiled tissues or contact with nose or throat discharge.

Responsibility of Child care providers and Parents

If a student has recently travelled (in the last 7 days) to the United States, Canada or Mexico, or other affected countries and develops influenza-like symptoms, the Principal should contact the parents immediately. The Principal should advise the child's parents to attend their local emergency department and tell them that they have recently returned from overseas and may have flu. Further public health advice can be obtained from the local Public Health Unit (see below for contact details).

The school principal should contact the local Public Health Unit immediately to notify the case.

ANZAC DAY MARCH 2009

I am extremely grateful to the 144 students who gave of their time on the last Saturday of the school holidays to march with the College on ANZAC Day.

An extra special thank you is extended to Stephanie Mai (12A) who volunteered to present the student ANZAC address at the Main Service which was held at the memorial site in Chris Cunningham Park. Stephanie's speech on the value of our veterans was tremendous. Well done Stephanie!

Our School Captains Jacob Bush (12C) and Daniela de Azevedo (12A) performed their official duties with admirable dignity and respect. Carrying the school banner in the strong wind presented certain challenges but they managed beautifully and they were also able to present a wreath at the Cenotaph on behalf of all the St Joseph's College community.

Congratulations are extended to all these students for their community spirit and recognition of the service of others. Many more students marched as cadets or attended other parades. The students who represented the College were:

- 7A Roisin Davoren, Alexander Kachel, Daniel Swift

ANZAC DAY CEREMONY

On Thursday 30 April, a special assembly marked the occasion of ANZAC Day here at the College.

This year marks the 10th Anniversary of the involvement by INTERFET in East Timor. Our focus for this ceremony was on this peacekeeping operation.

We were very fortunate to have two special guests for the ceremony. Mr Sam Jordan, who is a World War Two veteran and Legatee, presented a book to the College (Warrior Brothers by Keith Fennell) on behalf of Legacy. Mr Craig Fenton served in East Timor, and spoke to the students about his experiences.

Special thanks to the members of the SRC, the sound technicians and representatives from cadets who ministered to the Australian flag. Jacob Bush, Daniela de Azevedo, Jarrah Burns, Trish Edwick, Bernard Tsang, Louis Monaghan, Ricardo de Azevedo, Dean Stegeman, Harrison Hyde and Dylan Neal all who performed their tasks admirably. Thanks also to Mr Alain Sauvage, Mr Peter Lyon, Mr Shane Rowland, Mr Michael Joseph, Mr Wayne De Venny, Mrs Jane Joseph, Mrs Sharon Singleton and Mrs Helen Borrowdale.

At the completion of the Ceremony, students who took part in the ANZAC Day March were presented to the Principal.

Astronomical Highlights for May in the International Year of Astronomy . . .

- Venus and Mars are companions in the pre dawn sky this month. On 21 May they will be sitting with the crescent Moon.
- Jupiter and Neptune will be close together in the early morning sky on 25 May (if you are up at this time!)
- Saturn will be close to the Moon on 5 May and 31 May in the evening sky. This is a great month for viewing Saturn in the evenings.
- A possible great show of meteor showers can be seen in the few hours before dawn with a peak on 6 May. You may see as many as 30-70 per hour with persistent yellow trains.

Happy viewing!

**ATTENTION: YEARS 11 & 12 STUDENTS
~ CAREERS IN THE MARITIME INDUSTRY**

Where: Australian National Maritime Museum, Darling Harbour, Sydney

When: Wednesday 17 June 2009
9:00am to 3:30pm

Cost: \$10 per student

Through trade stalls, interactive lectures, practical demonstration and tours, students will be exposed to the diversity of careers in a maritime environment.

This is an ideal forum for senior students to meet professionals from a range of maritime industries, businesses and training institutions from diverse fields such as marine biology and conservation, working on boats (designing, building, restoring and managing them), tourism and defence.

Students can find out about the realities of working in these fields and the qualifications/courses that are needed to successfully develop a career in these industries.

The admission price includes student notes and an optional cruise on Sydney Harbour.

**CONGRATULATIONS TO
YEAR 9 GEOGRAPHY!**

Recently, Year 9 students completed a 'creative' Geography task which required the students to find a piece of music, poetry, artwork or film which exemplified Australia in some way - then take that further to explain the Geographical and Aboriginal perspective of the area their music, etc, came from.

There were some diverse pieces chosen including, 'Priscilla, Queen of the Desert', 'Finding Nemo', 'The Man From Snowy River' (movies); G'anga Gang, Midnight Oil (music); 'My Country', 'Andy's Gone Droving', 'The Man From Snowy River' (poetry).

Students then presented an excerpt from their chosen piece to the class, explaining the significance to Geography, as well as handing in a detailed Geographic report.

Well done Year 9! The assignments were great!
